Bezini Group

About Bezini

Bezini Group is an industrial supplier of Non-Destructive Testing (NDT) products, focused on supporting inspection and quality assurance requirements across industrial applications.

Built on technical understanding and field experience, Bezini Group selects and supplies NDT solutions diigited with inspection needs, applicable standards, and real operating conditions.

Our approach is based on clarity, reliabiity, and long-term performance — supporting engineers, inspectors, and technical teams in making informed inspection decisions.

Ultrasonic Testing (UT)

Ultrasonic Testing (UT) is used for internal inspection, thickness measurement, and flaw detection in a wide range of industrial materials.

UT Equipment

- **Ultrasonic Flaw Detectors**
 - UT-FD100
 - UT-FD200
- **Thickness Gauges**
 - UT-TG50
 - UT-TG100

Applicable Standards

- ASTM E114
- ASTM E317
- ISO 16810
- ISO 16811

Radiographic Testing (RT)

Radiographic Testing (RT) is used for internal defect detection through X-ray or Gamma radiation.

RT Equipment

- **X-ray Inspection Systems**
 - RT-X200
 - RT-X300
- **Gamma Ray Exposure Devices**
 - RT-G50
 - RT-G100

Applicable Standards

- ASTM E94
- ASTM E1030
- ASTM E1742
- ISO 17636-1
- ISO 17636-2
- EN 1435

Magnetic Particle Testing (MT)

Magnetic Particle Testing (MT) is used for the detection of surface and near-surface discontinuities in ferromagnetic materials.

MT Equipment

- **Portable Yokes**
 - MT-Y200
 - MT-Y300
- **Bench Units**
 - MT-B100

Applicable Standards

- ASTM E709
- ASTM E1444 / E1444M
- ISO 9934-1
- ISO 9934-2
- ISO 9934-3
- ASME Section V, Article 7
- EN ISO 9934

Penetrant Testing (PT)

Penetrant Testing (PT) is used for detecting surface-breaking discontinuities in non-porous materials.

PT Chemicals

- **Penetrants**
 - PT-P100
 - PT-P200
 - **Cleaners / Removers**
 - PT-C100
 - **Developers**
 - PT-D100
 - PT-D200
-

Applicable Standards

- ASTM E1417 / E1417M
- ASTM E165 / E165M
- ASME Section V, Article 6
- EN ISO 3452

Bezini Group

Contact & Request Product Information

Detailed product specifications, technical documentation, and application support are available upon request. For further information, please contact **our** technical team.
